## GENDER EQUALITY

Fuerza de Mujer gathers more than 300 women dedicated to coffee production located in the regions of San Martín Jilotepeque, Acatenango and Atitlán.

In 2015, Fuerza de Mujer associated with **Asproguate**, as the organization offered them the opportunity to train them in coffee production and processes. In the absence of their husbands these women were left in charge of the parcels and required technical support.

Fuerza de Mujer provides training focused on women's empowerment, basic financial management for field work, health, nutrition, in addition to the field issues involved in being in Asproguate's organic and environmental program.

## WEAVERS

Lots of dedication and passion can be seen in this group of women, as a result of this, in addition to leading the production of coffee on their plots, a group of around 60 women are also weavers. With the aim of generating income for their families and maintaining the coffee plantations, they work beautiful typical fabrics of the region.

## SPREADING HOPE

We are passionate about the hard work of Fuerza de Mujer, so we want to invest in their development through its typical textiles entrepreneurship and coffee production.

Donations will be used for:

- Training in coffee production
- Weaving Equipment.
- Financing of threads for textile.
